CALL FOR PAPERS

1st International Conference on

Sustainable and Intelligent Education

Towards a Future

October 21st – 23rd, 2026
Póvoa de Varzim, Portugal

<https://www.sied2026.org/>

About the conference:

The overall objectives of the conference are: to explore the convergence between sustainability and artificial intelligence in the educational context, to promote innovative approaches that integrate emerging technologies, collaborative practices, and transformative management models capable of responding to contemporary educational challenges, to foster critical reflection on educational theories, practices, and policies, analysing “classical” and emerging paradigms (Education 1.0, 2.0, 3.0), pedagogical approaches (pedagogy, andragogy, heutagogy), and the role of ethics, philosophy, and sociology in education, to facilitate cooperation between academia, industry, and organizations, promoting learning factories, blended learning models, and strategic partnerships for educational innovation, and to ensure educational quality and effectiveness through the discussion of assessment methodologies, learning analytics, curricular design, and teacher professional development.

Papers and publications:

All accepted and presented papers will be published as a Conference Proceedings by **Atlantis Press**, Springer Nature. The Proceedings book from Sustainable and Intelligent Education will be submitted for indexing in SCOPUS.

<https://www.atlantis-press.com/>

Venue:

The *1st International Conference on Sustainable and Intelligent Education: Towards a Future* will be held in Póvoa de Varzim, in the north-western part of Portugal with dense vegetation and profound historic wealth spanning over all historic periods. Minho region is also called “Minho Verde” (Green Minho). Póvoa de Varzim, reached in an hour by the Porto metro Line B from the centre of town, is a thriving resort on Portugal's Atlantic Coast. Historically a fishing port and ship-building centre during the Age of Discoveries, Póvoa de Varzim is now a popular ocean resort, 12 km of beautiful beaches for swimming and surfing.

Important dates:
